Revised: April 2017

Containing herbal drugs
BORRAGINOL® EP ORAL

[Category 2 OTC medicines]
(Oral antihemorrhoidals)

CHARACTERISTICS

1. BORRAGINOL® EP ORAL is an oral antihemorrhoidals containing three kinds of herbal drug extracts (such as Moutan cortex extract) and vitamin E acetate.
2. BORRAGINOL® EP ORAL improves blood circulation in the anorectal area that causes hemorrhoids (piles) and anal fissure. This product also improves pain, bleeding, swelling, and itching due to hemorrhoids (piles) and anal fissure by suppressing inflammation.
3. This product is formulated into easy-to-take, readily soluble, light grayish-yellow to light grayish-brown granules.
4. This product is supplied in packets convenient to carry.
5. This product is taken orally twice a day.

PRECAUTIONS

	Roskastanien extract	100 mg (extracted from 600 mg of Roskastanien)
	Lithospermi radix aqueous extract	300 mg (extracted from 900 mg of Lithospermi radix)
Vitamin	Vitamin E acetate (Tocopherol acetate)	100 mg

Additives: Aspartame (L-phenylalanine compound), lactose hydrate, light anhydrous silicic acid, powdered cinnamon bark, carmellose sodium, glycyrrhiza extract

Precautions of ingredients

Because this product contains herbal drugs (medicinal herbal roots, barks, etc.), the color and taste of granules may slightly vary in some products. However, this does not alter the effectiveness of this product.

About herbal drugs contained in this product

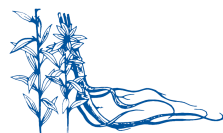

Moutan cortex : Moutan cortex means peony root bark which is used as a medicine. It is one of the important herbs recorded on the oldest Chinese formulas (KAMPO) "SHINNOHONZOKYO". The Moutan cortex extract improves blood circulation and suppresses inflammation.

Roskastanien : Roskastanien means seeds of Western horse chestnut, known as "marronnier", and the extract of its seeds has been used in the treatment of hemorrhoids in Germany and France. The Horse chestnut seed extract improves blood circulation and suppresses inflammation.

Lithospermi radix : Lithospermi radix means purple root, the name derived from the color of the root bark of lithospermum recorded on the Chinese formulas (KAMPO) "SHINNOHONZOKYO". The purple root has been used topically in the treatment of hemorrhoids since ancient times. The Lithospermi radix extract suppresses inflammation.

PRECAUTIONS FOR STORAGE AND HANDLING

- (1) Store in a cool, low humidity place away from direct sunlight.
- (2) Keep out of reach of children.
- (3) Do not transfer the product to a different container. (It may lead to misuse or alter the quality of the product.)
- (4) Do not take this product after the expiration date.

HOW SUPPLIED 16 Packets

How to prevent hemorrhoids

- Prevent hemorrhoids by maintaining a healthy life style. -

- (1) To keep regular bowel movement, eat balanced meals three times a day.

- (2) Keep the anal area clean. Bathing is particularly effective in promoting blood circulation in the anus.

- (3) Avoid excessive strain during bowel movement.
